

Hello IDYL Families,

In order to help families further understand the grading scale for K-5 progress reports, below is an explanation of the grading scale that is used. The purpose of using a scale is to focus more on students' mastery level of grade level standards and less on letter grades. If you see N/A or NA, that means that those standards have not been covered yet, so the students are not expected to show mastery of the standard.

If you have any further questions, please do not hesitate to contact the school.

**Grade Scale**

4 = Shows Mastery of the Standard  
3 = Shows Proficient in the Standard  
2 = On track to Master the Standard  
1 = Need more practice with this Standard  
NA = Not Assessed at this Time

Educationally,

*Mrs. Talaya Moore*

Mrs. Talaya Moore

Vice Principal of Curriculum
